

Long Arm Services

All long arm quilting is performed on a Statler Stitcher guided Gammill Optimum Plus machine.

Services available include:

- Basting
- Edge to edge quilting
- Individual block quilting
- Custom quilting
- Binding
- Custom design services

Cold Night Quilting

Additional Information

To arrange for long arm services or if you have questions about other custom quilt services please give me a call or send me an e-mail to set up an appointment at my studio.

Quilts may be mailed to me if you prefer. Upon receipt of payment, I will mail the completed quilt back with insurance coverage if requested.

Your quilt will be handled with great care as if it were my own family heirloom.

Preparing Your Quilt Top

Price List

For best results, please follow the preparation instructions below:

- Do not pin or baste your quilt
- Cut all loose threads
- Check all seams for gaps
- Press the quilt top and backing flat
- Be sure the quilt backing is at least 4 inches larger than the top (2 inches on each side)
- Remove selvage edges - to help prevent puckering when quilted and washed
- Square the backing and the quilt top
- Mark the top left corner of the quilt top and backing with safety pins
- If you choose to provide your own batting, please remove it from the package and fluff it in your dryer to remove all folds. Batting must be at least 4" larger than the quilt top on all sides.
- Please be aware that puckers, tucks and wrinkles cannot be "quilted out" and correcting these problems before quilting gives best results

If you prefer, these services can be included as part of the quilting job.
